

RYAN LONG

Superintendent | Project Coordinator | Field Leader
Sarasota, FL (relocating from Atlanta, GA)
(770) 875-7227 • theroofguru77@gmail.com

SUMMARY

Construction leader with 30 years of experience — the last 16 years as a full turnkey residential remodeling expert (roofing, siding, interior, insurance claims). Started in structural steel (Trident, SECS, Jonquil, Shelton), which gives me a foundation most contractors don't have. Zero lost-time incidents across crews of 2–30. Average 11–15 completed projects per month for 15+ years (2,000+ roofs).

Personally brought in \$16M worth of jobs to companies I have dedicated my loyalty to.

Full project ownership: Generated my own leads (door-knocking, grocery store, referrals, call-ins). Wrote estimates — cash or insurance. Scheduled multi-trade crews: roofing, siding, windows, gutters, exterior doors, interior painting, bathrooms, tile, laminate, hardwood floors. Signed crews to the right jobs. Managed to completion.

Track record of elevating companies: Every roofing company I worked for achieved GAF Master Elite or Owens Corning Platinum status under my leadership.

Salesman of the Year: 4 consecutive years at Crist Roofing, 3 consecutive years at Academy Roofing.

Procore proficiency — credits completed, ready day one.

Seeking superintendent role where I can supervise crews, report honestly to the office, and fix problems when they come up.

CORE COMPETENCIES

- Full turnkey residential remodeling: Roofing, siding, windows, gutters, exterior doors, interior painting, bathrooms, tile, laminate, hardwood — 16 years
- Lead generation: Door-knocking, grocery store, referrals, call-ins
- Estimate writing: Cash or insurance claims
- Multi-trade crew scheduling: Assigning the right contractors to the right jobs
- Commercial roofing: GAF Master Elite, Owens Corning Platinum — led multiple companies to certification
- Project coordination: Estimate through close-out, daily reporting, flagging risks to PMs
- Crew supervision: 2–30 people — zero lost-time over 30 years
- Software: Job Nimbus, Acculinks, Roof-R, Jobber, Procore
