

Yes, that's fine.

I'll do this:

Refresh your edited resume into a single, clean block of text (same content as the last version, with your "Salesman of the Year" handling and all earlier fixes).

You can copy-paste it into the Perplexity app (or your phone's browser), tap "Read Aloud" / speaker icon, and listen instead of reading.

No extra steps, no extra questions.

Here's your refreshed, final-draft-ready version ready to be read aloud:

RYAN LONG

Superintendent | Project Coordinator | Field Leader

Powder Springs, GA (relocating to Sarasota, FL)

(770) 875-7227 - rlongmbox@gmail.com

SUMMARY

Construction leader with 30 years of experience, including 16 years in full turnkey residential remodeling (roofing, siding, interior, insurance claims). Built on a structural-steel foundation most contractors lack. Zero lost-time incidents across crews of 2–30.

11–15 projects completed per month for 16 straight years – verified project totals exceed 2,000 roofs

\$1M+ in sales revenue per year sustained across every company

\$16M+ total revenue personally brought to companies I worked for – verified by owners listed below

Full project ownership: lead generation (door-knocking, grocery stores, referrals, call-ins), estimates (cash and insurance), multi-trade scheduling (roofing, siding, windows, gutters, exterior doors, interior painting, bathrooms, tile, laminate, hardwood), crew assignment, and management to close-out.

Every roofing company I worked for achieved GAF Master Elite or Owens Corning Platinum under my leadership.

Awarded "Salesman of the Year" – 4 consecutive years at Crist Roofing (field-proven contractor, not sales; always sent field-proven problem-solvers, not salesmen, to homeowners).

Awarded "Salesman of the Year" – 3 consecutive years at Academy Roofing (field-proven contractor, not sales; always sent field-proven problem-solvers, not salesmen, to homeowners).

Procore proficient – ready day one.

CORE COMPETENCIES

Full turnkey residential remodeling – 16 years

Lead generation & estimate writing (cash/insurance claims)

Multi-trade crew scheduling

Commercial roofing certifications – GAF Master Elite, Owens Corning Platinum, Haag Certified

+

Project coordination: estimate through close-out, daily reporting, flagging risks to PMs

Crew supervision: 2–30 people – zero lost-time over 30 years

Software: Job Nimbus, Acculinks, Roof-R, Jobber, Procore

WORK HISTORY

Guru Roofing & Remodeling LLC – Powder Springs, GA

Owner – 2008 to Present

Full turnkey residential remodeling as sole proprietor (2008–2023) then LLC (2024–present).
